

## **Pulaski County Master Gardener**

### **General Meeting via Zoom**

**June 16, 2020**

**Welcome:** Board President Sharon Priest called the meeting to order at 11:31.

**Speaker:** Jodie Mahoney introduced speaker Kevin Grisham co-owner of River Valley Horticultural Products. Kevin discussed how his business has been affected by the Covid Pandemic and current gardening trends. A question and answer session followed his presentation.

**Ramblings with Randy:** Randy encouraged everyone to scout our plants and vegetables for spider mites, aphids and fungus.

Tons of questions are coming in about tomatoes. He is really missing the Hort Hot Line.

Loosey Goosey is no longer imprinting on him. She is displaying teenage tendencies by rolling her eyes when spoken to. Loosey is also refusing to share her new pool with the ducks. Kids!

**Announcements:** Sharon reported there are 53 people with outstanding dues. She encouraged those to be mailed to Assistant Treasurer Susan Stewart.

There will be no meetings in July or August. Where and how the September meeting will be held will be announced at a later date.

Theresa Funkhouser is accepting pass along plant donations. Sales of the plants will benefit the Master Gardener General Fund. Please call her.

Following a Question and Answer session the meeting was adjourned at 12:17.

Respectfully Submitted,

Sara Jordan
