Hello again, Master Gardener!

As you know, the Plant Sales are in full swing. Maybe we should run a contest to see who will make it to the most sales around the State. 😊 Today is the last day to register for the MG State Conference, County 76 is having their General Membership meeting soon and there are a couple of new Plant Health Clinic Disease Notes available. There was a great turnout for the St. James UMC garden cleanup, just in time for our next meeting. And don't forget Randy Forst's [Blog!](#)

Please note that this is coming out late and my coordination with Paul Nolte has not given him the time to upload information to our Directory website. Most if not all of this will be accessible from our site as well. Make yourselves familiar with the armgs.org website for all things Pulaski County Master Gardeners!

St. James United Methodist Church

Carol Mendel asked that I put a little THANK YOU to all those that participated in the gardens/flower beds clean-up at St. James! We had a wonderful turn-out of almost 40 people. We are set for a great season of gathering and celebrating Master Gardeners. Check out your Directory for photos.

Monthly General Membership Meeting

**The next General Membership Meeting is this Tuesday, April 18th, 11:30 AM at
[321 Pleasant Valley Dr.](#), in Little Rock**

Enjoy and hope you are all able to attend many of these activities!

Take care,
Tina
