Dear Master Gardener,

I hope you are doing well. It's been another hot week, but next week looks to be a nice cool week of 90's. This week we have received several calls about spots on oak leaves which turned out to be Oak Anthracnose. Typically, only causes minor damage and early defoliation, wait to treat it until bud break next spring. If your oak has recently started turning yellow and developed spots on its leaves it is likely this. We have several new events coming up so be sure to read our up coming events section listed below. If you have any questions about any event, feel free to contact me. Its going to be another hot one today so stay hydrated! As always if you have any questions or concerns don't hesitate to reach out.

Happy Gardening,

Derek

More information and events are below. Hope you all have a great week out there!
Remember to click the icons below to find out more on those subjects (not all icons may be active, those will be noted).

*****NOTICE***** If you have not picked up your free anniversary T-shirt yet they are currently at the extension office. You have roughly **2 WEEKS** from today to pick them up. If you have not picked up your shirt by **September 11th** then you will have lost your chance for a free shirt. We have had them for two months now and we don't plan on keeping them in the office for much longer. **This is the anniversary T-shirt you got from paying dues on time this year it is not a new T-shirt.**

The Chronicle

The latest issue of the Magnolia Chronicle has been posted to the Directory website (armgs.org). Follow the link in the logo to find out what's going on in the garden this month, what plant has been spotlighted, learn more about the Pollinator Stewardship Program and read a book review on Sam Thayer's Field Guide to Edible Wild Plants of Eastern & Central North America. Thank you, Laura Anne Warren, for another great issue!

2024 Calendar

***** Call for Dates for 2024 State Master Gardener Calendar *****

Does your project or committee have dates they want publicized for special programs or events? Now's your chance to get that put on the State Master Gardener Calendar for 2024. If you have dates for events you would like listed in the 2024 Printed Master Gardener Calendar, please send them to jtreat@uada.edu by August 8, 2023. Please include date, time, county, and event name. (no link associated with this icon)

Seminars & Education

Happy Birthday Master Gardeners! Be sure to save the date! Friday

October 13th, 9 am -5 pm @ St. James UMC. Registration will open sometime next week. The event is 35 dollars and includes lunch. Master gardeners and Agents only. Speakers is Joe Lamp'l from Grow a Greener World. Janet Carson will MC the Lunch. There are two sessions a morning and an afternoon session. **Only Register for One Session**, both sessions are the same. Click the image to register.

Learn how to grow healthy, nutritious food in your own backyard and get some tips for new ways to cook and prepare your harvest. In this presentation, you will learn how to grow and cook with garlic. Tuesday September 12th at noon. If you missed last week's Grow your own groceries on fall gardening click [HERE](#) for a recording.

Registration for the **Lavish Herbal Feast**, October 5 and the Herb Harvest Fall Festival, October 6 & 7 is now open. This year completes the Heritage Herb Garden's fall tradition of interpreting plants and cultures of the world. We are traveling, through our senses and imagination, to the Land Down Under!

THE LIBRARY, REWRITTEN.

Are you interested in a **Seed Swap**? Join us at McMath Library Saturday, September 16th from 10 to Noon! Seeds, Cuttings, and more will be available for trade. Most importantly this is a trade only event. Trades only, No sales, so be sure to bring your own seeds or plants to trade with. No link for icon.

River Valley's Fall Festival is returning this year for the first time since Covid! Join River Valley **Saturday Oct. 21st** for their fall festival. There will be a sale on all plant products including, native plant plugs, container plants and more. They asked if we would be interested in hosting a booth for their festival so we will join them, and other environmental groups represented at the festival. If you wish to volunteer for the festival, please contact me. I will send out more information on the festival early next week. No link associated with the icon.

Plant Disease Notes

Needle blight has been popping up on one of my favorite evergreen landscaping plants, the Yew. Yew Needle Blight is a fungus that causes browning of the needles, when observed by a magnifying glass small pustule-like fruiting bodies can be observed. Avoid overhead watering and treat as soon as you see the presence of the disease.

A Chance to Volunteer -Pushy Plants

Would you like to help Little Rock Parks identify invasive plant species all while earning Community Outreach Work Hours? Pushy Plants is going to start meeting up on Friday mornings at various parks to continue mapping. All times are at 9 am except for National Public Lands Day which is at 8:30 am. If it is raining, the event will be cancelled. Be sure to bring water and be sure to sign in when you arrive.

Benny Craig – Meet by the boat dock Sept. 8 – Allsopp North if needed; if not needed, then meet in Allsopp Park; I will let you know soon Sept. 15 – Western Hills – Meet in upper parking lot September 23 – National Public Lands Day – Kiwanis Park – 8:30 am

Spotlight - Picture This!

What's your MG Project up to these days? Send in pictures from your workdays and have them posted on our Directory website for everyone to see what's going on in your MG world. Did you know we even have a Facebook/photography committee? Until you get your pictures sent in, click the icon to see what everyone else is up to and here's the [FB link](#).

State Horticulture

The latest from our State Horticulture Educator, Randy Forst, plus lots of other cool links to the UAEX website. Click the logo, then look down the right side

of the page for Janet Carson's blog, the PCMG Facebook page, local nursery links and much more.

[Remember these tours, seminars, and articles \(even reading this email\) count toward your Education Hours and volunteering for an outside project counts toward your Community Outreach hours...be sure to track your time.](#)

Please be sure to enter your time online for any Education Hours such as reading this email, going to a seminar or attending the Monthly Membership Meeting (two education hours) by clicking this link <https://arkmg.uada.edu/accounts/login/?next=/home/>. If you need help logging in, give me a call or check out the [instructions](#) on our website.

All of these things and more can be found on your PCMG Directory website or a link on the Directory website will take you to the proper page. Please explore and know that the following items will be available all the time on our website thanks to Paul Nolte.

[About the PCMG Directory website \(armgs.org\) Home Page](#)

The Home Page consists of a List of Posts that have been made to the website.

- The first post in the list will always be the most current Magnolia Chronicle newsletter.
- After the Magnolia Chronicle will be a list of all other posts in reverse chronological order.
- Scroll down through the list and Click on any item you wish to see.
