

PCMG Weekly Digest

Dear Master Gardener,

Welcome to our first week using constant contact for our weekly digest. I know not everyone has signed up for it so if you know of anyone on your project who is not getting this email then please have them sign up.

It has been a busy and successful week. We had our first in person master gardener meeting which went wonderfully. We got to honor our past presidents as well as our Master Gardener of the Year and our Friend of Master Gardener's. It was also great to have Dr. Bobbitt attend the meeting and say few words. I was also thrilled to see how many of our members both new and old we in attendance.

Expect the weekly digest to evolve and change over the next few months as I play with the various settings to find a style that works best for us.

Thank you for joining constant contact. Feel free to reach out if you have any questions or concerns.

Happy Gardening,
Derek Reed
